Page layout and design was done in Adobe Indesign (CS2). Artwork and graphic designs created in Adobe Photoshop and Illustrator (CS2).

About Order of The Paw

What is Order of The Paw?

OTP is a source of creative talent that is as focused as it is diverse. OTP is not just about doing one thing well but about doing everything well. Whether it is an iconic logo design, a full color digital portrait or a promotional flyer, OTP aims at nothing less than total satisfaction. This includes not only aesthetic appearance but technical performance and compatibility.

Who is OTP?

Well, that would be me. My name is Jeff Block and Order of The Paw has been the creative signature for my works for over ten years. I am an avid digital artist as well as a graphic and web designer. I have a wealth of creative talent and imagination (I never run out of ideas!) as well as solid experience working in the technical side of the graphics design industry. Check out the following sections to find out more and the rest of this brochure to see samples of my work (including this very document you're looking at!).

Software Experience:

**Adobe Photoshop, Illustrator, Indesign,
Dreamweaver
Quark Xpress
Creo Preps
Dalim TWiST
Familiar with both Mac & PC platforms**

Creative Experience

**Traditional illustration (pencil, acrylics,
oils)
Full color digital artwork
Logo design
Page layout
Web page design and CSS**

Work Experience

Address Lister 2009

US Census Bureau

I canvassed assigned neighborhoods to verify correct address information.

Mac Operator Pre-press 2000-08

United Marketing Solutions

I was responsible for preparing and sending files to the digital image setter (DPM 2340) to create digital plates and film for the press room. Included in this was troubleshooting problem PDFs, extensive and precise documentation of procedures as well as quality control of plates and film. In addition, I provided significant effort in troubleshooting and implementation of workflow and automated imposition software.

Education

2009 N. Virginia Community College

Completed course on web design with CSS

1998-2000 Md. College of Art & Design

Completed courses in Adobe Illustrator, Photo-shop, Quark Xpress & Graphic Design

1997 Univ. of Md. Eastern Shore (MEES)

M.S. Marine Ecology

1993 State Univ. of NY at Stony Brook

B.S. Biology
